

Natural Bio Health™

October 24, 2023

Dear Patient,

It has been a great pleasure providing your health care over the years. I am transitioning into a new and remote role outside of Natural Bio Health.

Your care will be continued by one of Natural Bio Health's providers: Dr. Kathy Stevens, MD; Jeanette Espino, APRN (San Antonio); Tara Herndon, APRN (Lakeway); Dr. Sarah Jackson DNP, FNPC, APRN (Houston); Yvonne Conard, PA (Round Rock and College Station); or Cindy Guardado, APRN (Houston and College Station).

Your care will be uninterrupted and consistent.

Your medical records are confidential and a copy can be transferred to any provider, released to you or another person you designate with your permission. Should you need a medical record release form, please email the office at NBH@naturalbiohealth.com.

Your medical records will remain on file and there is nothing that you need to do to continue your care with Natural Bio Health.

I have greatly valued our relationship and thank you for your loyalty. Best wishes for your future health.

Sincerely,

Christy Beyer, MD
